

Email to Request Informational Interview

(to a BYU-Idaho Alum)

Mr. Sanders:

I am a finance and computer information technology double major at BYU-Idaho and found you via the LinkedIn alumni search. I am currently researching several tech career pathways—including data analytics and web development—and would relish the chance to learn from your knowledge and insights as a current Google employee.

When it is convenient for you, would you have a few minutes for me to ask you some questions about how I can best prepare to make valuable contributions with a company like Google?

Thank you for considering my request.

Best Regards,

Garrett Smith
