

# Attention: Health Care Providers

## AHA Health Care Provider Online CPR Class w/Skills Pass off Session

This is the American Heart Association, Health Care Provider CPR certification. This class is not taught on campus so if you are certifying for the first time or renewing a certification then you need to take this course.

A skills pass off session with a live instructor is required after you complete the online portion. After you have completed your online course and have printed off the certificate of completion you can schedule a one on one skills pass off session.

To register for the course, please call Janine Gilbert at (208) 313-6257 or Byron Gilbert at (208) 313-6255, and please leave a message if there is no answer.

Even if you are out of town, you can still take this class and do the pass off session when you get back into town. Call today for best availability.

Cost: \$40.00 for the skills pass off session plus the American Heart Association cost. Please call for details.
